

When accidents happen or sickness strikes, deciding when to go to Urgent Care or the ER can be confusing.

SHOULD I GO TO...

**URGENT
CARE**

Go here for a condition that requires immediate care but is not life-threatening. The Urgent Care can offer shorter wait times with lower costs.

Conditions that can be treated at the Urgent Care include:

- Strains
- Sprains
- Deep bruises
- Ear infection
- Colds, cough or sore throat
- Scratches or cuts
- Fevers
- Rashes
- Stomach flu or virus
- Broken bones

Summit Healthcare Urgent Care Show Low

**EMERGENCY
ROOM**

*Go here for a condition that is life-threatening and **call 911***

Conditions that can be treated at the Emergency Room include:

- Chest pain
- Stroke symptoms
- Facial drooping or numbness
- Arm weakness
- Slurred speech
- Sudden difficulty seeing in one or both eyes
- Sudden dizziness or difficulty breathing
- Sudden severe headache with no known cause
- Seizure or loss of consciousness
- Physical trauma or serious head injury
- Bleeding uncontrollably
- Your life or your limb is in danger
