

FirstNet Enrollment Event

Don't miss this opportunity to strengthen emergency communication and preparedness. All first responders in our community are welcome to join the event and take advantage of the resources available.

Join us

Summit Healthcare is proud to support local first responders with this special event. During a crisis, reliable communication is essential. Past disasters have shown the importance of enrolling emergency personnel in the FirstNet program before disaster strikes.

What to expect

See FirstNet's deployable cell tower up close and explore its emergency communication capabilities. Take advantage of on-site enrollment, where AT&T representatives will assist you in signing up on the spot.

Employees can maintain their personal accounts while receiving FirstNet priority access. Family members can be added at a discount, though only the employee will have Band 14 priority access. **Migration to AT&T and a Band 14-compatible device are required.**

March 27, 2025
10:00 AM - 5:00 PM

Summit Healthcare Conference Center
4951 S. White Mountain Rd., Bldg C
Show Low, AZ 85901

No registration required. Light snacks will be available for attendees.
