The Medical Staff year is June 1 to May 31.

6.B. MEDICAL STAFF MEETINGS6.B.1. Meetings as a General Medical Staff:

The Medical Staff shall meet on an as needed basis (but no less than quarterly) as a general medical staff for the purpose of reviewing and evaluating departmental, divisional, and committee reports and recommendations, as well as other informational items (e.g., QI data, education, informational items not requiring discussion, a CMO report), and to act on any other matters placed on the agenda by the Chief of Staff.

6.B.2. Meetings of Departments and Divisions:

Medical Staff departments and divisions will meet to discuss issues relevant to their specialty, as well as other informational items specific to their individual departments and divisions.

6.B.3. Special Meetings Outside of the General Medical Staff Meetings:

Special meetings of the Medical Staff may be called by the Chief of Staff, the MEC, the Board, or by a petition signed by not less than 10% of the Voting Staff. A special meeting of any department or division may be called by or at the request of the Department Chair/Division Chief, the Chief of Staff, the CEO, or by a petition signed by not less than 10% of the Voting Staff members of the department or division, but not by fewer than two members.

6.B.4. Meetings of Committees:

Except as otherwise provided in these Bylaws or in the Medical Staff Organization Manual, each committee shall meet as often as necessary to fulfill its responsibilities, at times set by the committee chair.

6.C. PROVISIONS COMMON TO ALL MEETINGS6.C.1. Notice of Meetings:

- (a) Medical Staff Members shall be provided Notice of all regular meetings of the Medical Staff and regular meetings of departments, divisions, and committees at

least 10 Days in advance of the meetings. The primary mechanism utilized for providing Notice will be e-mail; however, Notice may also be provided by mail, facsimile, hand delivery, posting in a designated electronic or physical location, or telephone at least 10 Days prior to the meetings. All Notices shall provide the date, time, and place of the meetings.

- (b) When a special meeting or vote of the Medical Staff, a department, or a division is called, all of the provisions in paragraph (a) shall apply except that the Notice period shall be reduced to 48 hours and posting may not be the sole mechanism used for providing Notice of a special meeting.
- (c) The attendance of any individual Medical Staff Member at any meeting shall constitute a waiver of that individual's objection to the Notice given for the meeting. When a special meeting of a committee is called, all of the provisions in paragraph (a) shall apply except that the Notice period shall be reduced to an identified number of hours and posting may not be the sole mechanism used for providing Notice of a special meeting.
- (d) At the discretion of the Presiding Officer (Medical Staff Officer, Department Chair, or committee chair, as applicable), when a Practitioner's practice or conduct is scheduled for discussion at a meeting, the Practitioner may be requested to attend. If a suspected deviation from standard practice is involved, the Notice shall be given at least seven Days prior to the meeting and shall include the time and place of the meeting and general indication of the issue(s) involved. At the discretion of the Presiding Officer, the discussion may be postponed for failure of the Practitioner to appear at any meeting to which notice was given and excused upon a showing of good cause. In no case shall postponement be granted for a period longer than that which will elapse until the next regular meeting.

6.C.2. Quorum and Voting:

- (a) For any regular or special meeting of the Medical Staff, department, division, or committee, those voting members present (but not fewer than two) shall constitute a quorum. Exceptions to this general rule are as follows:
 - (1) for meetings of the MEC, the Credentials Committee, the Leadership Council, and the Peer Review Committee, the presence of at least 50% of the voting members of the committee shall constitute a quorum; and
 - (2) for amendments to these Medical Staff Bylaws, at least 20% of the Voting Staff shall constitute a quorum.
- (b) Once a quorum is established, the business of the meeting may continue and all actions taken will be binding, even if attendance drops below a quorum during the course of the meeting.

- (c) Recommendations and actions of the Medical Staff, departments, divisions, and committees shall be by consensus. In the event it is necessary to vote on an issue, that issue will be determined by a majority vote of the voting members present. Voting may be by written, electronic, and/or online ballot at the discretion of the Presiding Officer (Medical Staff Officer, Department Chair, or committee chair, as applicable).
- (d) When determining whether a specific percentage or a majority has been achieved with respect to a vote of the Medical Staff or a department, division, or committee, an individual who has recused himself or herself from participation in the vote shall not be counted as a voting member (for example, if there are ten voting members of a committee and one recuses himself or herself on a particular matter, the majority vote for that matter would be calculated as five of the remaining nine votes).
- (e) The voting members of the Medical Staff, a department, a division, or a committee may also be presented with a question by mail, facsimile, e-mail, hand delivery, website posting, telephone, or other technology approved by the Presiding Officer, and their votes returned to the Presiding Officer by the method designated in the Notice. Except as noted in (a) above, a quorum for purposes of these votes shall be the number of responses returned to the Presiding Officer by the date indicated. The question raised shall be determined in the affirmative if a majority of the responses returned has so indicated.
- (f) At the discretion of the Presiding Officer, one or more Medical Staff Members may participate in a meeting by telephone or video conference. Participation in a meeting by telephone or video conference constitutes the participant's attestation that he or she is in a secure environment where the information and discussion cannot be seen or overheard by anyone who is not a committee member or an invited participant to the meeting. Failure to comply with this requirement may result in the imposition of disciplinary action.

6.C.3. Agenda:

The Presiding Officer for the meeting shall set the agenda for any regular or special meeting of the Medical Staff, department, division, or committee.

6.C.4. Rules of Order:

Robert's Rules of Order may be used for reference at all meetings and elections, but shall not be binding. Specific provisions of these Bylaws and Medical Staff, department, division, or committee custom shall prevail at all meetings, and the Presiding Officer shall have the authority to rule definitively on all matters of procedure.

6.C.5. Minutes, Reports, and Recommendations:

- (a) Minutes of all meetings of the Medical Staff, departments, divisions, and committees shall be prepared and shall include a record of the attendance of members and the recommendations made and the votes taken on each matter. An official copy of the minutes shall be approved by the body as a whole.
- (b) A summary of all recommendations and actions of the Medical Staff, departments, and committees shall be transmitted to the MEC for purposes of keeping the CEO and the Board apprised of the activities of the Medical Staff and its departments and committees.
- (c) A permanent file of the minutes of all meetings shall be maintained by Summit Healthcare.

6.C.6. Confidentiality:

All Medical Staff business conducted by committees, departments, or divisions is considered confidential and proprietary and should be treated as such. However, members of the Medical Staff who have access to, or are the subject of, Peer Review Information understand that this information is subject to heightened sensitivity and, as such, agree to maintain the confidentiality of this information. Peer Review Information must not be disclosed to any individual not involved in the credentialing or Peer Review processes, except as authorized by the Practitioner Procedural Policy or other applicable Medical Staff or Summit Healthcare policy. A breach of confidentiality with regard to any Medical Staff information may result in the imposition of disciplinary action.

6.C.7. Attendance Requirements:

- (a) Attendance at meetings of the MEC, the PRC, the Leadership Council, and the Credentials Committee is required. Members of these committees are required to attend at least 50% of all regular and special meetings. Failure to attend the required number of meetings may result in replacement of the member. Unexcused absence for three consecutive meetings will result in automatic termination of committee membership and/or elected office.
- (b) Each Active Staff and Active Outpatient Staff member is encouraged, but not required, to attend and participate in all Medical Staff meetings and applicable department meetings each year.

ARTICLE 7

- (4) All amendments shall be effective only after approval by the Board.
- (5) If the Board has determined not to accept a recommendation submitted to it by the MEC or the Voting Staff, the MEC may request a Joint Conference Committee meeting for the purpose of further communicating the Board's rationale for its contemplated action and permitting the Medical Staff Officers to discuss the rationale for the recommendation. (b) A focused history and physical examination or outpatient assessment, used for outpatient procedures not requiring anesthesia services, must be performed and documented in the patient's medical record within 24-hours by a Practitioner in accordance with State law and Summit Healthcare policies and procedures. Pain Management, Radiology, and Wound Care patients will have a focused H&P conducted and documented at the time of their first series visits.

(2) H&Ps Performed Prior to Admission

- (a) If an H&P has been completed within the 30-day period prior to admission or registration, a durable, legible copy of this report may be used in the patient's medical record if it is appropriately updated in accordance with this section. This includes an H&P completed by (i) a referring physician who is not a Medical Staff Member, or (ii) another qualified licensed individual who does not practice at Summit Healthcare but who is acting within the scope his or her license under state law.
- (b) Whenever an H&P that was completed within 30 days prior to an admission or registration is used, the patient must be evaluated within 24 hours of the time of admission/registration or prior to surgery/invasive procedure, whichever comes first, by a Practitioner who has been granted Clinical Privileges by Summit Healthcare to perform H&Ps (e.g., the Attending or Admitting Practitioner) and an update recorded in the medical record.
- (c) The update of the H&P shall be based upon an examination of the patient and must reflect (i) any changes in the patient's condition since the date of the original H&P that might be significant for the planned course of treatment or (ii) state that there have been no changes in the patient's condition.
- (d) Any H&P performed more than 30 days prior to an admission or registration is invalid and may not be entered into the medical record.

(3) Cancellations, Delays, and Emergency Situations

- (a) When the H&P is not recorded in the medical record before a surgical or other invasive procedure, the operation or procedure will be canceled or delayed until an appropriate H&P is recorded in the medical record, unless the Attending Practitioner states in writing that an emergency situation exists.
- (b) In an emergency situation, the Attending Practitioner will complete and document an H&P immediately following the emergency procedure.
